Carbondale, 81623

Dear Franz,

John passed along your invoice and I just wanted to say what a terrific job your team did. They were talented, professional, easy to work with, and great problem solvers. It was a pleasure to discover that they also had a wonderful aesthetic, in addition to cheerfully doing the hard work of digging, laying pipes and cutting into sewer lines! I love my new berm, and Ed did an amazing job of spreading the gravel so it looked like it has always been there. He even managed to move my flagstones from one end of the house to the other while I was off at lunch—that's the fastest I have seen an idea become a reality!

So I just wanted to let you know what a happy customer I am, and what a crack team you have at Aspen Diggers! Thanks again, and I will certainly call you the moment I need any digging/landscaping done. You guys get an A+!

All the best,
